

2018 Congressional District Census

Commissioned by the Republican Party

Ronna McDaniel
Chainwoman

Wednesday Morning

Dear [REDACTED]

The future of America – and the Republican Party – is at stake in November. Whoever wins the battle for control of the U.S. Senate and the U.S. House of Representatives will ultimately determine the future of President Trump's agenda and the course of our nation for decades to come.

That is why, with the critical Midterm Election less than 3 months away, President Trump has requested that a **Census** of every Congressional District be conducted immediately. Enclosed is your official **2018 CONGRESSIONAL DISTRICT CENSUS DOCUMENT** registered **CODE [REDACTED]** your name as a representative of Vancouver.

Your registered census is one of the select few being mailed into Washington's 3rd Congressional District. In order to build the data models needed to target voters in Vancouver, it is critical that we receive your completed Census document no later than October 1st.

Mr. [REDACTED] because of your high level of political involvement, your personal input on the questions presented in your census document is imperative to our nation's future.

This is the largest Congressional District Census our Party has taken for a midterm election and we need your involvement to make this essential project successful. You completing and returning your 2018 Census document is central to our ability to enact the President's agenda.

Our current research and polling shows that the nationwide Congressional District Census that we have been conducting is helping the RNC put together the information and voter profiles needed to target our voters with the truth concerning President Trump's agenda and will be a deciding factor in who wins in November.

But with our nation so politically divided and the Democrats and mainstream media spreading fake news about President Trump and his Presidency, it is proving to be difficult to get the real facts out to Americans all across the country. That is why it is so important that you return your Census document immediately so we can collect and update our information on voters in your district and ensure the message of what President Trump has accomplished – and what he is doing to Make America Great Again – gets to them directly.

Your participation in this national effort will provide us with the detailed data we need concerning Washington's 3rd Congressional District. Most importantly, it will show the liberal Democrats in Congress, the radical special interest groups, and their left-wing allies in the media that President Trump has the support of the American people to advance his legislative agenda.

So please, act now to complete your **CONGRESSIONAL DISTRICT CENSUS** and do your best to get it back to me at RNC Headquarters by October 1st. At the same time, please include a generous contribution of \$25, \$50, \$100, \$250, \$500, \$1,000, or whatever you can

(Over, please)

Page Two

send to help underwrite the costs of this project and enable us to enhance our voter outreach, strengthen our grassroots operations, better deliver our message to all Americans, and elect Republicans at all levels of government who will support President Trump's efforts.

I'm making this special appeal for your financial help because we cannot make major progress in taking our country back as long as the Democrats and the liberal media misrepresent our message and hold Donald Trump's Presidency hostage. It is absolutely vital that we have the funds to fight back.

What the liberal media doesn't want the majority of Americans to know is that ever since President Trump entered the Oval Office, he has proven over and over again that he is committed to delivering on his promises.

Under President Trump's leadership, our nation's economy is on the rebound. We are on track to scale back the size of the federal government and cut taxes and regulations. Jobs are coming back all across our nation. Conservative judges are being confirmed to our nation's courts. We're moving forward to fix our nation's illegal immigration crisis, replace our aging infrastructure, and to tap into our country's huge energy assets. We are making progress in the denuclearization of the Korean Peninsula. We are rebuilding America's hollowed out military and creating a safer America that will confront terrorism and other threats to our country head-on.

Yet,  their philosophy of putting their radical, costly, and destructive politics first – ahead of the citizens of our country – the Democrats led by Chuck Schumer in the U.S. Senate and Nancy Pelosi in the U.S. House of Representatives – and aided by the liberal media – are fighting President Trump's positive Republican agenda every step of the way with one goal in mind – capturing control of Congress in the midterm elections.

Our Republican Congressional leaders, Senate Majority Leader Mitch McConnell, House Speaker Paul Ryan, and our entire team on Capitol Hill are doing everything they can to support President Trump in making his goals for our nation a reality.

And as Chairwoman of the RNC, one of my top priorities in helping the Trump Administration achieve their goals is to ensure we maintain our Republican Congressional Majorities and this census project is crucial to our efforts.

This census is an essential step in building – brick-by-brick, town-by-town – a nationwide, activist network second to none, that will keep in touch with voters like you to make sure we are locked into the pulse of America and understand who our voters are and what issues are of most concern to them.

BY COMPLETING AND RETURNING YOUR CENSUS DOCUMENT TODAY, YOU CAN HELP MAKE THIS EFFORT A MAJOR SUCCESS.

(Next page, please)

Your opinions will represent literally thousands of Republicans in your Congressional District when it comes to key questions such as:

- Do you agree that President Trump and our Republican leaders in Congress should be aggressive in working to pass legislation to create jobs, cut taxes and regulations, end economic uncertainty, and make America more competitive?
- The threats posed by domestic and international terrorists; the growing reality of cyberattacks to our nation's government, businesses, and infrastructure; instability in the Middle East; and the military build-up of Russia, Iran, and China demand solid leadership. Do you support our efforts to do everything we can to protect our country and restore America's position in the world?
- The almost total collapse of America's once-workable immigration system in recent years has proven to be a very volatile and divisive issue. Do you support President Trump's efforts to secure our nation's border and work aggressively to enforce long-standing immigration laws to solve our nation's illegal immigration problem?
- Do you believe that the national media has a strong bias against all things Republican and fails to tell America's voters the real facts about Republican policies, principles, and goals?
- What are the most important national issues that you feel are most directly relevant to your life and family?

The answers you provide in your census will help us shape our strategy and allow President Trump and our Republican incumbents and challengers to fight for a bold agenda that reflects the priorities of the citizens of this country – one that will frame the national debate, strengthen our Republican voice in setting policies, increase voter turnout, and put our nation on a secure course.

The critical need for us to be prepared to fight for every vote in races all over the country – including contests in your area – is underscored by the fact that Barack Obama, Hillary Clinton, and their cronies have committed to raise hundreds of millions of dollars for Democrats up and down the ballot in an effort to completely paralyze Donald Trump's Presidency. If they win this battle, it will prove disastrous for America's future.

That means the RNC must continue to invest in opposition research, Party expansion, and grassroots organizing. And we must have the funds necessary to use the latest technologies to execute our campaign plans and get our Republican message out to ALL Americans.

To be successful in keeping our Republican Party on a winning track, we must put these action items into full swing – NOW.

(Over, please)

That is why I sincerely hope you send a contribution of \$25, \$50, \$100, \$250, \$500, or \$1,000 along with your completed **2018 CONGRESSIONAL DISTRICT CENSUS**.

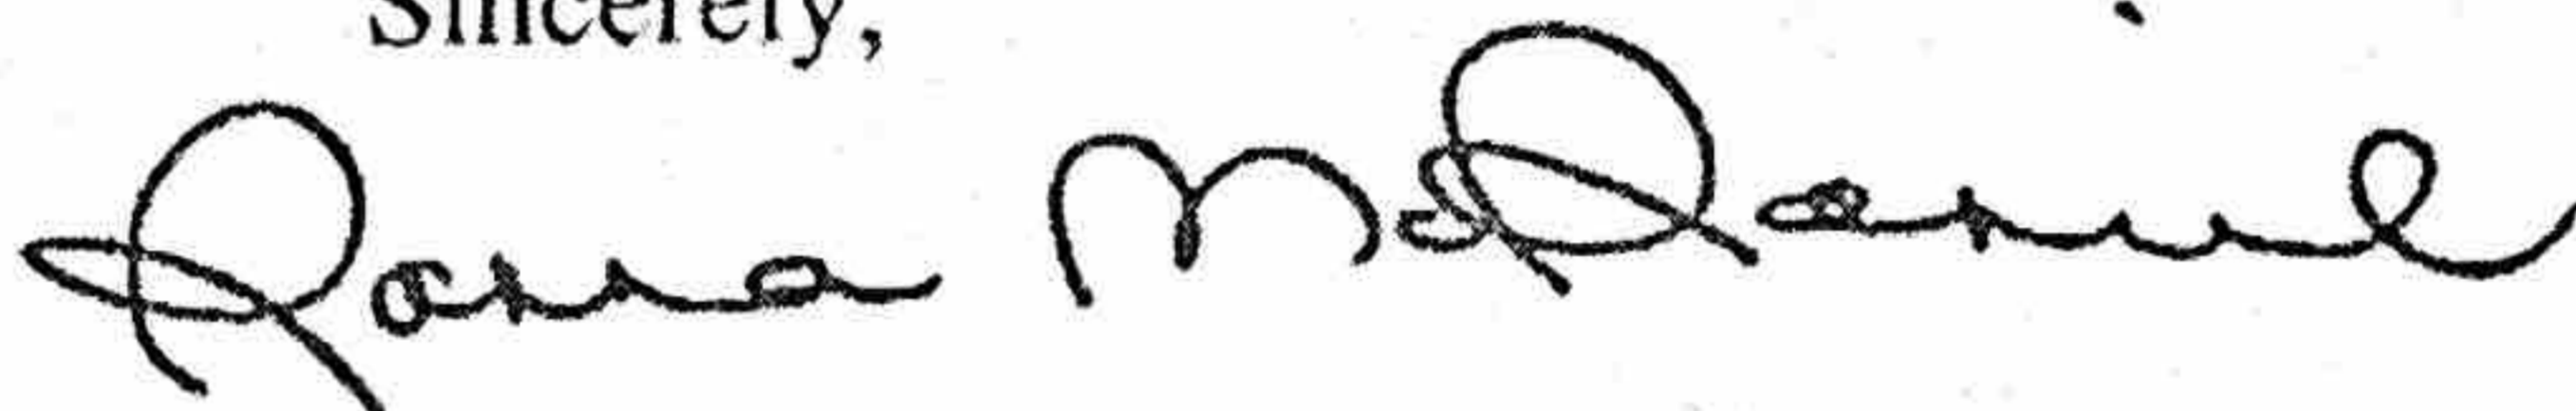

Mr. [REDACTED] politics in America today is a non-stop 24/7 struggle. President Trump cannot succeed, nor can our Party prevail over the challenges the Democrats will constantly present in their efforts to divide and destroy our great nation without the input and support of dedicated individuals like you.

America is truly at a crossroads. The path to a positive future for our children and grandchildren is in your hands.

President Trump very much needs your commitment and support. And our Party very much needs your help to continue to win the political victories in every Congressional District – including contests in Vancouver – that are so necessary to fulfill our pledge to truly Make America Great Again.

We now have a remarkable opportunity to put America back on track. Please stand with us – let me hear from you by October 1st.

Sincerely,

Ronna McDaniel

Chairwoman, Republican National Committee

P.S. Mr. [REDACTED] President Trump very much needs your commitment and support today. As a registered participant in our 2018 Census Project, you are on the frontline of the battle to shape Republican priorities for our nation as President Trump works to put in place the long-overdue programs that will Make America Great Again. Today, I am counting on your continued help to ensure we meet that goal by maintaining our Republican Congressional Majorities.

It is crucial that we receive your completed Census by October 1st so we can have our analysis of the data ready to deliver to our Get-Out-The-Vote organizers in Vancouver. So please, complete your 2018 CONGRESSIONAL DISTRICT CENSUS and return it with a generous contribution of \$25, \$50, \$100, \$250, \$500, or even \$1,000 in the enclosed envelope. Thank you.
